**Schedule of FY01 Transportation Equipment Rental Rates
Philadelphia Area Site**

GENERAL EXPLANATION OF EQUIPMENT RENTAL RATES

All rental rates include unlimited mileage, cost of fuel, regular servicing, normal maintenance and repairs. Rental rates do not include the cost of driver or operator.

Customers are charged separately for repairs necessitated by accidents or driver/operator abuse.

The rental of automotive transportation equipment encompasses only a custody charge and no mileage charge. Custody charges are on a daily, weekly, or monthly basis for class C assigned equipment and monthly basis for Classes A and B assignments.

1. Daily, Weekly and Monthly Rates. These rates apply to Class C assignments. This rate starts when vehicle/equipment leaves the Philadelphia Site Class C parking area.

2. Monthly Rates. On continuing assignments (Class A and Class B) to customers, charges are based on the monthly custody charge. The monthly custody charge for vehicles assigned for a full month will be made, regardless of the number of miles the automotive equipment is traveled or hours other equipment used.

3. Rental of Equipment to Private Parties. Generally, Philadelphia Area Site equipment is not available to private parties except under unusual circumstances. Private parties will be charged the prevailing commercial rates or rates in this notice, whichever is higher.

Explanation of Monthly or Continuing (Class A and B) Rental Charges

1. Partial Month Assignments. Equipment assignment on a class A or B continuing basis after the first day of the month, or returned to the Philadelphia Area Site before the end of the month, will be charged on a prorate basis for that portion of the monthly custody charge (based on a 30-day monthly table).

2. Downtime. When a Class A or B rental vehicle is out of operation for preventive maintenance service and/or repairs, replacement equipment "loaners" will be provided for those who request them.

Explanation of Temporary (Class C) Rental Charges

All categories of equipment, including those with installed operating hour meters, such as construction equipment and cranes, will be billed on hourly, daily, weekly or monthly rates.

Any equipment issued on a prior day and returned before 10:00 a.m. the next day will be charged the daily rate.

Any equipment reserved by a client must be cancelled at least 24 hours in advance or the daily rental rate will be applied.

FY01 Contract Fees, Philadelphia Area Site

With the implementation of the NAVFACENGCOM Contracts Field Office Model, the following rates apply:

Contract Type	Agency	O&M, N	Non-O&M, N
FSC	ROICC	0%	4% (6% for Housing)
FSC requirements FSC inspection	PWC PWC	Direct Labor basis 8%	Direct Labor basis 8%
FSC	Total	8% + Direct Labor basis	12% (6% Housing) + Direct Labor Basis
Type II	ROICC	0%	8% (6% for Housing)
Type II requirements	PWC	Direct Labor basis	Direct Labor basis
Type II	Total	Direct Labor basis	8% (6% Housing)+ Direct Labor basis
A&E	PWC Engr Branch	Direct Labor Basis	Direct Labor Basis

FSC

1. For multiple customer contracts, PWC DET Philadelphia Philly/NSA-P Site will request total funding from the customer on a NAVCOMPT 2275, DD 448 MIPR or other approved funding document. PWC to issue 2276 RCP for contract cost and address to Northern Division. Existing non-BOSJOC contracts to be addressed to OIC ROICC.

2. PWC DET Philadelphia Philly/NSA-P Site will request three documents for a single customer contract. (FSC process in note 1 can be used as an alternative).

- 2276 RCP for contract cost. Address to Northern Division. Existing non-BOSJOC contracts to be addressed to OIC ROICC.

- 2275, MIPR or other approved funding document for ROICC SIOH fees. Address to LANTDIV.

- 2275, MIPR or other approved funding document for PWC fees. Address to Navy Public Works Center Detachment Philadelphia, attention: Philadelphia Code 110.

Type II

1. PWC DET Philadelphia Philly/NSA-P Site will request three documents as follows:

- 2276 RCP for contract cost. Address to Northern Division.

- 2275, MIPR or other approved funding document for ROICC SIOH fees. Address to LANTDIV.

- 2275, MIPR or other approved funding document for PWC fees. Address to Navy Public Works Center Detachment Philadelphia, attention: Philadelphia Code 110.

2. When PWC internal departments are accomplishing a work request for a customer and a contract action is needed to assist with completion of subject work order, a PWC 2276 RCP can be issued if the customer funding document meets the 51/49% constraint. PWC will be reimbursed from the customer funding document.

FY01 Contract Fees, Philadelphia Area Site

1. PWC contract fees are defined as follows:
 - a. Inspection, Production Control and Processing Fee for FSC is 8% of the contract award amount.
 - b. ROICC SIOH Fees for Non-Mission Funded Activities
 1. Facility Support Contracts (FSC) Fee is 4% (6% HSG) of the contract amount.
 2. Type II Construction Contract Fee is 8% (6% HSG) of the contract amount.
 - c. Contract requirement fees for both FSC and Type II Construction contracts will be performed on a direct labor basis.
2. Contract modifications that reduce the contract award amount cost will not reduce the Contract Requirement or Inspection, Production Control and Processing Fees.
3. Contract modifications that increase the contract award amount will require increased PWC Contract Fees as defined by paragraph 1 above.
